

Traveller's Checklist

- ✓ Adjust your thermostat: turn down the heat or turn off your air conditioner.
- ✓ Review your homeowner's insurance plan, as most plans require someone to check your home every 72 to 96 hours.
- ✓ Cancel your newspaper and ask a neighbour to take in your mail.

- ✓ Visit your family doctor to take care of health needs: vaccinations, prescriptions, medical certificates, supplies, extra eyeglasses, etc.
- ✓ Pack any medications in your carry-on bag in case your luggage is lost.

- ✓ Call your debit and credit card companies to tell them the countries you're visiting and ask about fees.
- ✓ Make a list of the valuables you're bringing. Take photos of your electronics and note the serial numbers, makes and models, so you have a record if anything is stolen.

- ✓ Enable international calling or ask your provider to "unlock" your phone if you plan to use it abroad.
- ✓ Get an International Driving Permit if you're driving abroad.
- ✓ Bring details of your insurance with you so you know who to call in the event of an emergency.
