

Visitors to Canada

TuGo® Travel Insurance

Welcome to Canada

Are you coming to visit family or friends or simply to explore the Great White North? Canada has a great healthcare system, but if you are not a resident, you won't be covered—and medical costs here are expensive. In fact, the Canadian government recommends all visitors buy travel insurance before arriving, including:

- Visitors to Canada
- Immigrants waiting for citizenship
- Canadians returning to Canada after living abroad
- [Super Visa](#) applicants, who must have valid emergency medical insurance to qualify. The Canadian government requires \$100,000 coverage minimum, for at least 1 year.

How we take care of you

With TuGo Travel Insurance, enjoy your stay without worrying about the cost of a visit to the clinic or hospital.
